

Alinea Chemical Solutions Announces Acquisition of FCI Technology, a Specialty and Commodity Chemicals Supplier in Burlington, NC

April 11, 2025 – Alinea Chemical Solutions, a leading provider of innovative chemical solutions, is pleased to announce the acquisition of FCI Technologies, a well-established supplier of specialty and commodity chemicals based in Burlington, North Carolina. This acquisition will enhance Alinea’s product portfolio and broaden its capabilities in the chemical solutions space.

FCI Technologies will continue to operate as an independent entity, maintaining its brand and serving its existing markets and customers with their full range of specialty and commodity chemical products. This transaction will allow FCI Technologies to leverage the resources and expertise of Alinea Chemical Solutions while preserving the strong customer relationships and market presence they have built over the years.

“We are excited to welcome FCI Technologies to the Alinea family,” said Joseph Wilson, Owner and Founder of Alinea Chemical Solutions. “This acquisition strengthens our position in the specialty chemicals market and allows us to offer an even more comprehensive range of solutions to our customers. FCI Technologies’ reputation for quality and customer focus aligns perfectly with Alinea’s mission, and we look forward to supporting their continued success as an independent entity.”

FCI Technologies will remain dedicated to its current operations, product offerings, and customer base, ensuring a seamless transition. The company’s team in Burlington, NC, will continue to operate under the leadership of their current management.

Alinea Chemical Solutions and FCI Technologies are excited about the potential for growth and innovation that this acquisition will bring and look forward to collaborating in the future to better serve their customers across a variety of industries.
